NEITHER THE BERMUDA STOCK EXCHANGE NOR THE CAYMAN ISLANDS STOCK EXCHANGE TAKE RESPONSIBILITY FOR THE CONTENTS OF THIS DOCUMENT, MAKES NO REPRESENTATIONS AS TO ITS ACCURACY OR COMPLETENESS AND EACH OF THEM EXPRESSLY DISCLAIM ANY LIABILITY WHATSOEVER FOR ANY LOSS HOWSOEVER ARISING FROM OR IN RELIANCE UPON ANY PART OF THE CONTENTS OF THIS DOCUMENT.

Permission under the Exchange Control Act 1972 (and Regulations made thereunder) has been obtained from the Bermuda Monetary Authority for the issue of up to the authorized capital of the Fund from time to time in Butterfield Money Market Fund Limited (the "Fund"). In addition, a copy of this Prospectus has been delivered to the Registrar of Companies in Bermuda for filing pursuant to The Companies Act 1981 of Bermuda as amended.

This Prospectus, together with the most recent audited financial statements, constitutes the Listing Particulars of the Fund and includes information given in compliance with the Listing Rules of the Cayman Islands Stock Exchange. The Directors of the Fund collectively and individually accept full responsibility for the accuracy of the information contained in this Prospectus and confirm, having made reasonable inquiry, that to the best of their knowledge and belief there are no facts or omissions of which would make any statement in this Prospectus misleading.

Admission of the Shares, (as hereinafter defined) to the Official List of the Cayman Islands Stock Exchange would not in any event constitute a warranty or representation by the Cayman Islands Stock Exchange as to the competence of any party connected with the Fund, the adequacy of the information contained in this Prospectus or the suitability of the Fund for investment purposes. The Cayman Islands Stock Exchange has not reviewed or in any respect approved this prospectus or the offering of the Shares.

The Fund has been classified as a Bermuda Standard Fund. As such, the Fund is subject to regulation and supervision as provided for in the Investment Funds Act 2006 of Bermuda. However the Fund should be viewed as an investment suitable only for investors who can fully evaluate and bear the risks involved.

Authorisation by the Bermuda Monetary Authority and the acceptance of the Prospectus for filing at the Registrar of Companies does not constitute a guarantee by the Bermuda Monetary Authority or the Registrar of Companies as to the performance of the funds or its creditworthiness. The Bermuda Monetary Authority and the Registrar of Companies shall not be liable for the performance of the fund or the default of its operators or service providers, nor for the correctness of any opinions or statements expressed in the Prospectus.

Subject to the said filing and permission, no action has been taken to permit an offering of Shares in the Fund or the distribution of this Prospectus in any jurisdiction where action would be required for such purposes. Accordingly, this Prospectus may not be used for the purpose of an offer or solicitation in any jurisdiction or in any circumstances in which such offer or solicitation is not authorised. In particular:

(a) the Shares in the Fund have not been registered under any United States securities legislation and are not being offered or sold, directly or indirectly, in the United States of America or in any of its territories or possessions or areas subject to its jurisdiction or to U.S. persons. As used in this Prospectus, "United States" means the United States of America (including all 50 States and the District of Columbia), its territories, its possessions and other areas subject to its jurisdiction including the Commonwealth of Puerto Rico. "U.S. person" means: (i) any resident of the United States; (ii) a corporation, partnership or other entity incorporated, created or organised in or under the laws of the United States or any political subdivision thereof; (iii) an estate of which any executor or administrator is a U.S. person; (iv) a trust of which any trustee is a U.S. person; (v) an agency or branch of a non-U.S. entity located in the United States; (vi) any non-discretionary account or similar account (other than an estate or trust) held by a dealer or other fiduciary organised, incorporated or (if an individual) resident in the United States; and (vii) any partnership or corporation if it is organised or incorporated by a U.S. person under the laws of a jurisdiction outside the United States primarily for the purpose of investing in securities not registered under the United States Securities Act of 1933, as amended (unless it is organised and incorporated, and owned, by accredited investors, as defined in regulation D promulgated under such Act, who are not natural persons, estates or trusts); provided, however, that the term "U.S. person" shall not include (i) a branch or agency of a U.S. bank or insurance company operating outside the United States for valid business reasons; (ii) a discretionary or similar account (other than an estate or trust) held for the benefit or account of a non-U.S. person by a dealer or other professional fiduciary organised, incorporated or (if an individual) resident in the United States; (iii) any estate of which any professional fiduciary acting as executor or administrator is a U.S. person, provided that an executor or administrator of the estate who is not a U.S. person has sole or shared investment discretion with respect to the assets of the estate and the estate is governed by non-U.S. law; (iv) any trust of which any professional fiduciary acting as a trustee is a U.S. person, provided that a trustee who is not a U.S. person has sole or shared investment discretion with respect to the trust and no beneficiary of the trust (and no settlor if the trust is revocable) is a U.S. person; or (v) an employee benefit plan established and administered in accordance with the law of a country other than the United States and customary practices and documentation of such country; and

(b) this Prospectus has not been delivered for registration to the Registrar of Companies in London and accordingly may not be used for the purpose of an offer or solicitation, and Shares may not be offered, in or from Great Britain.

Any information or representation made by any dealer, salesperson or other person and not contained herein must be regarded as unauthorised and must accordingly not be relied upon. Neither the delivery of this Prospectus nor the offer, issue or sale of Shares shall, under any circumstances, constitute a representation that the information given in this Prospectus is correct as of any time subsequent to the date hereof.

Potential subscribers of Shares in the Fund should inform themselves as to

- (a) the possible tax consequences,
- (b) the legal requirements, and

(c) any foreign exchange restrictions or exchange control requirements which they might encounter under the laws of the countries of their citizenship, residence or domicile and which might be relevant to the subscription, holding and disposal of Shares in the Fund.

Butterfield Money Market Fund Limited is managed by Butterfield Asset Management Limited, a subsidiary of The Bank of N.T. Butterfield & Son Limited (the "Bank") and licensed to conduct Investment Business by the Bermuda Monetary Authority. It is an investment company owned by its investors as shareholders, and therefore is an independent entity from the Bank. The Fund is subject to market risk and its investments are not guaranteed by the Bank.

PREAMBLE

Butterfield Money Market Fund Limited is a mutual fund, which was incorporated as an exempted company with limited liability and with unlimited duration on 24th May 1988, in and under the laws of Bermuda.

The objective of the Fund is to offer a convenient and efficient vehicle for investing in high quality money market instruments denominated in the relevant currency of each class which offer liquidity, low risk and attractive returns consistent with prudent investment management. There can be no assurances that such objectives will always be attained.

The investment adviser is Butterfield Asset Management Limited (the "Investment Adviser"). The custodian is Butterfield Trust (Bermuda) Limited (the "Custodian"). The administrator is Butterfield Fulcrum Group (Bermuda) Limited (the "Administrator"). The Administrator shall also be the Registrar and Transfer Agent. The Custodian and the Investment Adviser are wholly owned subsidiaries of The Bank of N.T. Butterfield & Son Limited (the "Bank"), Bermuda's first bank, which was established in 1858. Through its principal headquarters located in Bermuda with offices in The Bahamas, Barbados, Cayman Islands, Guernsey, Hong Kong, Malta, Switzerland and the United Kingdom, the Bank is engaged in a wide range of international banking, trust and investment services.

This Prospectus is published in connection with the offering of shares of Sub-Class A Shares, Sub-Class B Shares and Sub-Class D Shares of US\$0.10, CDN\$0.10 GBP£0.10 and EUR€0.10 respectively.

The initial minimum subscription for the Sub-Class A shares are US\$10,000, CDN\$10,000, GBP£10,000 and EUR€10,000 respectively. The initial minimum subscriptions for the Sub-Class B shares are US\$5,000,000, CDN\$5,000,000, GBP£5,000,000 and EUR€5,000,000 respectively, subject to the discretion of the Directors of the Fund (the "Directors") to vary such minimum from time to time. The initial minimum subscriptions for the Sub-Class D shares are US\$10,000, CDN\$10,000, GBP£10,000 and EUR€10,000 respectively.

As an open-ended investment company, the Fund has the ability to repurchase its shares at the request of its members. As described on page 19 (Compulsory Redemption), the Fund will periodically repurchase its shares at their net asset value. The Fund plans to make a continuous offering of Shares on each valuation day (being any day that banks in Bermuda are open for business, excluding Saturdays) (each a "Valuation Day") at not less than the then net asset value.

It is not the intention of the Directors, at their discretion, to pay dividends on the Shares. Capital gains and net income will be reflected in the net asset value of the Shares.

In addition, the Directors are authorised to issue debt, but they have no plans for debt under present conditions, nor do they plan to use debt to leverage or gear the net asset value.

The Directors may exercise all powers of the Company in order to borrow funds as and when deemed necessary by the Investment Adviser.

THE FUND

Introduction

The Fund was incorporated on 24th May 1988 under the provisions of The Companies Act 1981 as amended.

The present authorised share capital of the Fund is US\$60,012,000, CDN\$30,000,000, GBP£30,000,000 and EUR€30,000,000 divided into 1,500,120,000 shares of US\$0.10, CDN\$0.10, GBP£0.10 and EUR€0.10 respectively, par value each, of which 120,000 shares of US\$0.10 par value have been designated as Organisational shares (the "Organisational Shares") and have been allotted for cash at par to the Investment Adviser and its nominees;

200,000,000 shares of US\$0.10 par value each have designated as Sub-Class A Shares,
200,000,000 shares of US\$0.10 par value each have designated as Sub-Class B Shares,
200,000,000 shares of US\$0.10 par value each have designated as Sub-Class D Shares,

100,000,000 shares of CDN\$0.10 par value each have designated as Sub-Class A Shares,
100,000,000 shares of CDN\$0.10 par value each have designated as Sub-Class B Shares,
100,000,000 shares of CDN\$0.10 par value each have designated as Sub-Class D Shares,

100,000,000 shares of GBP£0.10 par value each have designated as Sub-Class A Shares,
100,000,000 shares of GBP£0.10 par value each have designated as Sub-Class B Shares,
100,000,000 shares of GBP£0.10 par value each have designated as Sub-Class D Shares,

100,000,000 shares of EUR€0.10 par value each have designated as Sub-Class A Shares,

100,000,000 shares of EUR€0.10 par value each have designated as Sub-Class B Shares,
100,000,000 shares of EUR€0.10 par value each have designated as Sub-Class D Shares,

Under the Bye-Laws, the Organisational Shares have only nominal rights if and so long as there are no other shares of the Fund in issue.

The Memorandum of Association and the Bye-Laws comprise the constitution of the Fund.

The Fund has not established a place of business outside Bermuda.

Investment Objectives and Strategies

The principal objective of the Fund is to seek as high an overall rate of return as is consistent with maintaining liquidity and security of principal.

To achieve the stated objective, the Fund will mainly invest funds received from investors in a portfolio of money market instruments. Such instruments will be those of issuers whose credit is first-class or guaranteed by a first-class guarantor or which, in the opinion of the Investment Adviser, meet the high standard of credit worthiness and safety required by the Fund. These instruments may consist of cash equivalents and various forms of debt securities which can include notes, bonds, bills, repurchase agreements, bank deposits of various kinds, bank bills, commercial paper, government securities and other short term obligations. The maximum term to maturity for floating rate notes will be two (2) years, and other instruments will be twelve (12) months. Furthermore, the Fund will generally pursue a policy of diversifying its investments across a broad spectrum of issuers, although this may not always be practical or desirable.

Generally, the Fund will not seek profits through short-term trading, but instead will hold the investments to maturity. However, investments may be sold earlier at the discretion of the Investment Advisor, either pursuant to repurchase agreements, or if an earlier disposition is deemed desirable to meet redemptions or as a result of a revised credit evaluation of the issuer, or as a result of other circumstances not foreseeable at the time of purchase of such investments (including without limitation, any market of industry or issuer's economic or financial circumstances).

The investments will be managed with the intention of maintaining sufficient liquidity to meet anticipated redemptions so as to minimise the possibility that investments will have to be sold for this purpose before maturity.

The Sub-Class A, Sub-Class B, and Sub-Class D shares have certain different minimums set for investors to subscribe to them and there will be differences in the management fees payable to the Investment Advisor in respect of such sub-classes. They will be accounted for separately, for the purposes of the calculation of net value but share in the common underlying investment pool. It is the responsibility of each individual investor to determine which sub-class of share best meets their investment requirements. Neither the Fund nor the Investment Adviser will be held liable for ensuring that any investor is appropriately invested. All subscriptions will be automatically placed into Sub-Class A unless clearly marked otherwise on the application form.

Investment on an international basis involves fluctuations in the price of assets, foreign exchange rates, taxes, exchange controls and other economic and political developments. Availability of information, standards of accounting, auditing and financial reporting and the size, expense and liquidity of markets may vary widely from country to country and may limit the diversification of the Fund. There can be no assurances that the Fund will be successful or that the investment objectives will be attained, but the intent of the Investment Adviser will be to follow such policies as the environment in the future appears to dictate in order to meet these objectives.

Investment in the Fund involves some risks and could result in losses. Prospective investors are expected to be aware of the risk of investing in the Fund. See "Risk Factors" below.

The assets of the Fund will be held by the Custodian or other agents on behalf of the Custodian.

Investment Guidelines

The Fund must adhere at all times to Standard & Poors' rules for AAAM rated Principal Stability Funds. The current key components include:

All issuers must be rated A-1 short term or higher by S&P
No more than 50% of each portfolio can be invested in A-1 issuers
No more than 5% invested per issuer
Maximum weighted average maturity of 60 days
Maximum final maturity per sovereign government
(including sovereign government related/guaranteed)
floating-rate security rated 'AA-' or higher of 2 years

Maximum final maturity per fixed-rate investment

Non-sovereign government floating-rate investment,
and sovereign floating-rate investments rated below
'AA-' of 13 months
Comprehensive weekly reporting to be provided to S&P

Additionally, the Directors of the Money Market Fund have set further guidelines:

All issuers must additionally be rated P-1 by Moodys or F-1+/F-1 by Fitch or be guaranteed by an entity that carries such ratings

Minimum Amount Required To Be Raised

There is no minimum amount which, in the opinion of the Directors, is required to be raised by the issue of Shares in the Fund pursuant to the continuous offering for the matters specified in Section 28 of The Companies Act, 1981.

Risk Factors

The Fund will endeavour to reduce risk, as much as possible by:

- Investing in highly rated short term investments
- Diversifying credit risk across a wide range of different issuers
- Applying risk management techniques to the strategy
- Trading relatively liquid products

However, prospective investors should consider the following factors in determining whether an investment in the Fund is a suitable investment:

Counterparty Risk

To the extent that investors in the Fund have exposure to financial instruments through third parties, they may be subject to risk of loss of its assets on deposits with a broker, FX dealer, or bank in the event of their bankruptcy or insolvency, or that of any broker through which the Fund executes and clears transactions, or the bankruptcy or insolvency of an exchange or clearing house. In the case of any such bankruptcy or insolvency, the Fund may only recover only a pro rata share of all property available for distribution to all of the counterparty's customers. Such amount may be less than the amounts owed to the Fund. Therefore, investors in the Fund could lose substantial amounts or even their entire investment.

Interest Rate Risk:

Debt securities are subject to interest rate risk. In general, if prevailing interest rates rise, the value of debt securities will tend to fall, and if interest rates fall, the value of debt securities will tend to rise. Changes in the value of a debt security usually will not affect the amount of income the Fund receives from it but could affect the value of the Fund's Shares. Interest rate risk is generally greater for long-term debt securities. The risk of changes in the value of debt securities is not normally applicable to Money Market Funds given the short-term nature of securities held and due to the use of amortised cost accounting.

Investment and Trading Risks in General:

All securities investments risk the loss of capital. Investment in the various funds along with the securities and other instruments they invest in involves credit risks. Although the Fund's investment program is expected to provide a high level of protection from the risk of loss inherent in the ownership of such a wide array of investments, there can be no assurance that these strategies will completely protect against this risk or that the Fund's investment objectives will be obtained.

Lack of Management Rights:

Except as may be otherwise provided in the constituent instruments of the Fund, the holders of the Fund's Shares generally have no right to participate in the management of the Fund. The holders Fund's Organisational Shares have voting rights only when no other shares are in issue.

Management Risk:

There is no guarantee that the investment techniques and risk analyses used by the Fund's portfolio managers will produce the desired results.

Market Risk:

Market risk refers to the possibility that the market values of securities that the Fund holds will rise or fall, sometimes rapidly or unpredictably. Security values may fall because of factors affecting individuals, companies, industries or sectors or the markets as a whole, reducing the value of an investment in the Fund. Accordingly, an investment in the Fund could lose money over short or even long periods. The market values of the securities the Fund holds also can be affected by changes or perceived changes in the United States or foreign economies and financial markets and the liquidity of securities, among other factors.

Money Market Risk:

The Fund is a money market fund. It is not a bank deposit, and is not insured by the Bank or any other agency. Although the Fund seeks to preserve the value of your investment, it is possible to lose money by investing in the Fund.

Possible Effect of Redemptions:

Shareholders may redeem their Shares in accordance with the Bye-Laws of the Fund. Substantial redemptions could require the Fund to liquidate investments more rapidly than otherwise desirable in order to raise the necessary cash to fund the redemptions and to achieve a market position appropriately reflecting a smaller equity base. This could adversely affect the value of the Shares.

Repurchase Agreement Risk:

Repurchase agreements are agreements in which the seller of a security to the Fund agrees to repurchase that security from the Fund at a mutually agreed upon price and time. Repurchase agreements carry the risk that the counterparty may not fulfill its obligations under the agreement. This could cause the Fund's income and the value of your investment in the Fund to decline.

Transferability of Shares:

Shares are freely transferable, subject to certain restrictions (see "Transfer", below). However, there is no assurance that there will be a resale market for the Shares. If there is not, Shareholders will generally only be able to dispose of their Shares by means of redemption.

The foregoing list of risk factors does not purport to be complete or fully explain the risks involved in an investment in the Fund.

Fees and Expenses

The Fund will bear all its own operating, brokerage and out-of-pocket expenses, including (in so far as they relate to the Fund) the fees and expenses of the Directors, the Investment Advisors, the Custodian, the Administrator, the Registrar and Transfer Agent, the Accountants, the Auditors of and the Legal Advisers to the Fund, the costs of printing and distributing the financial reports and statements, the annual government fee and the license fee payable in Bermuda and any other applicable taxes.

A minimum balance of \$10,000 must be maintained for each sub-class in the Money Market Fund, i.e. a minimum of US\$10,000, CDN\$10,000, GBP£10,000, and EUR€10,000 for the US\$, CDN, GBP and EUR sub-classes respectively. Should the balance fall below the minimum of \$10,000, a monthly fee will be charged to the client as follows:

US\$ 12 for the US\$ sub-class of the Money Market Fund
CDN\$ 12 for the CDN sub-class of the Money Market Fund
GBP£ 12 for the GBP sub-class of the Money Market Fund
EUR€ 12 for the EURO sub-class of the Money Market Fund

Under the terms of the Investment Advisory Agreement referred to below, the Investment Adviser will be entitled to receive a monthly fee calculated in respect of each day at the rate of no more than 1/365th part of 1% of the net asset value of the assets at the end of the day determined by reference to the most recent valuation. The fee attributable to the Sub-Class A shares is currently 1/365th of 0.35% of net asset value of the Sub-Class A shares, and will be accrued daily and paid on the last Valuation Day of each month. The Management fee attributable to the Sub-Class B shares is currently 1/365th part of 0.25% of net asset value of the Sub-Class B shares, and will be accrued daily and paid on the last Valuation Day of each month. The fee attributable to the Sub-Class D shares is currently calculated as of 1/365th of 0.60% of net asset value of the Sub-Class D shares, and will be accrued daily and paid on the last Valuation Day of each month.

The Investment Adviser, and not the Fund, will be responsible for the fees of any consultants utilised by the Investment Adviser exclusively for the Fund (or except that where consultancy services are provided by a Director or Directors the fees and expenses payable to such Director or Directors will be borne by the Fund and determined by the other Directors in accordance with the Bye-Laws). However, no such fee will be payable where the Director is employed by the Bank or one of its subsidiaries or affiliates.

Under the terms of the Custody Agreement, referred to below, the Custodian is entitled to receive a quarterly fee calculated at the rate of up to 0.10% per annum in accordance with the Custodian's published fee schedule. Custody fees are currently 0.03% per annum. Administrator fees for Registrar and Transfer Agent are charged per the Administration Agreement dated July 2012.

As an exempted company, the Fund is liable for an annual registration fee based on the assessable capital of the Fund to a current maximum of \$31,120.00 payable to the Bermuda Government.

The annual listing fees are \$5,000 each for the Bermuda Stock Exchange and The Cayman Islands Stock Exchange.

All expenses will be borne out of the income or capital of the Fund as determined by the Directors.

Requests for statements outside of the normal interval may be charged a flat rate of \$25.00. Fees for investigation may be charged out at the normal hourly rate.

Taxation

At the date of this Prospectus, there is no Bermuda income tax, withholding tax, capital gains tax, capital transfer tax, estate duty or inheritance tax payable by the Fund or its members in respect of their investment in the Fund. The Fund has obtained from the Minister of Finance an exemption from taxation until the year 2016.

The Fund may be liable to pay foreign (i.e. non-Bermuda) taxes with respect to (i) the purchase or sale of, or other dealings in, assets held by the Fund and (ii) capital, interest and dividends related to assets held by the Fund in those countries which impose such taxes. There is no double taxation relief available to the Fund in Bermuda.

Exchange Control

The Fund has been classified as non-resident of Bermuda for exchange control purposes by the Bermuda Monetary Authority, whose permission for the issue of Shares pursuant to this Prospectus has been obtained. The transfer of Shares between persons (irrespective of whether or not such persons are regarded as resident outside Bermuda for exchange control purposes) and the issue and redemption of Shares to or by such persons may be effected without specific consent under the Bermuda Exchange Control Act, 1972 and regulations made thereunder.

Furthermore, he advises a number of charitable and non charitable organisations on their investment strategies.

For those Directors not employed or associated with the Bank or its subsidiaries the Fund will purchase director's and officer's liability insurance for their benefit.

Investment Adviser

Under an investment advisory agreement dated March 24, 2000 (the "Investment Advisory Agreement") Butterfield Asset Management Limited has been appointed as Investment Adviser of the Fund.

Butterfield Asset Management Limited (a wholly owned subsidiary of the Bank of N.T. Butterfield & Son Limited) is a limited liability company incorporated in Bermuda in 1993, to carry on the investment business started over 50 years ago by the Bank.

Butterfield Asset Management Limited is responsible for the management of a wide range of investment products and provides investment management services to a diverse range of customers, including individuals, trusts, high net worth individuals, corporations and pension plans. Butterfield Asset Management Limited has a dedicated team of investment professionals in Bermuda, but also has a number of investment professionals in many of the other key jurisdictions.

The Investment Advisory Agreement may be terminated by either party thereto giving to the other not less than three months' written notice.

There has been no criminal conviction or disciplinary action taken by a securities supervisory or other regulatory body against the Investment Adviser.

Directors of the Investment Adviser are:

Michael Neff (*American*)

Please see entry under Directors of the Fund.

Andrew Baron (*American*)

Andy joined Butterfield Asset Management in September 2006 and is responsible for the portfolio management of the Butterfield US\$ Bond Fund and many large discretionary fixed income portfolios, predominantly for Captive Insurers. He is also head of the Fixed Income Council for Butterfield across the Group Asset Management platform, responsible for producing macroeconomic and interest rate forecasts for the US, UK and Euro zone. Prior to coming to Bermuda, Andy worked in the fixed income markets in both London and San Francisco. He holds a degree in Economics and Japanese and is a Chartered Financial Analyst.

Michael Collins (*Bermudian*)

In his role as Senior Executive Vice President, Bermuda, Mr. Collins has overall responsibility for all of Butterfield's customer-facing businesses in Bermuda—commercial and retail banking, wealth management and custody, as well as the supporting human resources, marketing and administrative functions. He has responsibility for the Group's Asset Management, Pension and Charitable Donations Committees. Mr. Collins has close to 25 years' experience in financial services, having held progressively senior positions, at JP Morgan in New York and later at Bermuda Commercial Bank and HSBC in Bermuda. Before joining Butterfield in 2009, Mr. Collins was Chief Operating Officer at HSBC Bank of Bermuda. Mr. Collins holds a BA in Economics from Brown University.

W. Aaron M. Spencer (*Bermudian*)

Aaron joined Butterfield as a Senior Accountant in Butterfield Corporate Services Limited (fund administration company) in 1985. In 1987, he moved to the Internal Audit Department where he was promoted to Head of Group Audit. In November 1996, Aaron took over as Vice President, Head of Banking Operations. In 1998 he was instrumental in the establishment of ProServe (Bermuda) Limited, a joint venture with HSBC Bank Bermuda Limited (then Bank of Bermuda). In 2002 he was named Senior Vice President, Head of Operations and took on responsibility for Premises in 2007. Aaron developed and initiated the program to centralize operations within Bermuda which improved efficiency, increased reliability and streamlined support functions. In 2009, Aaron was seconded to the One Butterfield programme, where he was responsible for all aspects of programme implementation in Bermuda, including the migration of applications off-island and the introduction of the new core banking system.

Prior to joining the Bank, Aaron worked for Peat Marwick International (now KPMG) as a Senior Auditor, for the Bermuda College as a part-time professor of Intermediate Accounting, and for Touche Ross & Co. Aaron holds a Bachelor of Science in Business Administration, and a MBA, from Oakwood University and Atlanta University, respectively. Aaron is also a member of the Institute of Chartered Accountants of Bermuda, and the Canadian Institute of Chartered Accountants and was certified by the Georgia State Board of Certified Public Accountants.

Curtis Dickinson (*Bermudian*)

Curtis Dickinson has served as our Executive Vice President, Group Capital Markets & Treasury since June 2011. Mr. Dickinson is responsible for Butterfield's capital markets and treasury businesses across all of our jurisdictions. Previously Mr. Dickinson was responsible for the overall management of Butterfield's Bermuda-based Wealth Management Division, including Private Banking, Personal and Corporate Trust and Investment Services. Mr. Dickinson joined the Bank in 2006 as Senior Vice President, Corporate Management and was appointed Senior Vice President, Wealth Management in 2007 and Executive Vice President, Wealth Management in 2009. Prior to joining Butterfield, Mr. Dickinson worked in the United States and the United Kingdom as an investment banker raising capital for companies in the media & communications and consumer & retail industries with Donaldson, Lufkin & Jenrette Securities Corporation, Credit Suisse First Boston Corporation and Wachovia

Securities. Mr. Dickinson received a Masters of Business Administration degree from Columbia University's Graduate School of Business and his Bachelor of Arts in Finance from Morehouse College.

Potential Conflict of Interest

The Investment Adviser may act as manager or adviser to other mutual funds or clients. It may also invest for its own accounts. As such, it could compete for the same trades or investments as the Fund may otherwise make. When such an occasion arises, investment opportunities are allocated based on what such persons deem to be equitable. However, in some cases these allocation procedures may adversely affect the price paid or received by the Fund or the size of the position obtained or disposed of by the Fund.

Directors of the Fund may also be directors of the Investment Adviser, or directors of companies in which the Fund's assets are or may be invested. As such, the Directors may have a conflict between their obligation to act in the best interests of the Fund and their interest in generating revenues or other benefits for other entities with persons with which they are affiliated. A Director may hold any other office or place of profit under the Fund (other than the office of auditor) in conjunction with his office of director, or may act in a professional capacity to the Fund on such terms as the directors may determine. No Director shall be disqualified by his office from contracting with the Fund in any capacity, nor shall any such contract or arrangement entered into by the Fund in which any director is in any way interested be liable to be voided, nor shall any Director so contracting or being so interested be liable to account to the Fund for any profit realised by any such contract or arrangement by reason of such Director holding that office if he shall declare the nature of his interest. A Director may not vote nor be counted in the quorum on any resolutions by which he is appointed to hold any office or place of profit under the Fund or at which the terms of any such appointment are arranged.

The Administrator

Under an administration agreement dated July 2012, (the "Administration Agreement") Butterfield Fulcrum Group (Bermuda) Limited has been appointed Administrator of the Fund and pursuant to the Administration Agreement; the Administrator will perform certain administrative and clerical functions for the Fund.

The Administrator has responsibility, under the general supervision of the Directors of the Fund, for maintaining corporate records and disbursing payment of fees and other expenses of the Fund and providing clerical and administrative services. The Administrator will also be responsible for maintaining and keeping of all financial books and records for the Fund and for the preparation and calculation of the Fund's Net Asset Value ("NAV"), the register of shareholders and for administering the issuance, redemption and transfer of shares of the Fund.

Under the Administration Agreement, the Fund has indemnified the Administrator and its servants or agents, from any and all liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs expenses or distributions of any kind or nature whatsoever, other than those resulting from fraud, dishonesty, willful negligence or willful default on its part in performing its obligations or duties.

In performing its duties as administrator, the Administrator is entitled to rely and generally will rely, on information provided to it by persons designated by the Fund, including but not limited to the Fund's accountants, the Investment Adviser, the Custodian and brokers and shall not be responsible for errors contained in such information received from such persons.

The fees and expenses of the Administrator will be borne by the Fund (see page 9 – Fees and Expenses).

The Administration Agreement may be terminated by either party thereto, giving to the other not less than 90 days written notice. Less than 90 days notice may be given if (i) either party fails to perform its obligations under the Administration Agreement and fails to rectify such breach within 30 days or (ii) the Fund or the Administrator goes into liquidations (other than voluntary liquidation).

Custodian

Pursuant to the terms of a custody agreement dated 24th March 2000, (the "Custody Agreement") the Custodian, Butterfield Trust (Bermuda) Limited, has been appointed by the Fund and the Investment Adviser as custodian of the assets and uninvested cash of the Fund, which will be held on behalf of the Fund either directly by the Custodian or through other sub-custodians, nominees, agents, or delegates of the Custodian. The Fund may maintain certain of its assets in interest bearing instruments with the Custodian. In addition, the Custodian is responsible for recording investment transactions entered into for the account of the Fund.

The Custodian is in the business of providing custody, trust and private banking services.

The fees and expenses of the Custodian and Registrar and Transfer Agent in performing their respective functions for the Fund will be borne by the Fund (see page 9 - Fees and Expenses).

The Custody Agreement may be terminated by either party thereto, giving to the other not less than 90 days written notice. Less than 90 days notice may be given if (i) either party fails to perform its obligations under the Custody Agreement and fails to rectify such breach within 30 days or (ii) the Fund or the Custodian goes into liquidations (other than voluntary liquidation).

Material Contracts

The following contracts, not being contracts in the ordinary course of business, have been entered into since the incorporation of the Fund and are, or may be, material:

1. Investment Advisory Agreement dated 24th March 2000 between the Fund and the Investment Adviser pursuant to which the Investment Adviser was appointed investment adviser of the Fund.
2. Custody Agreement dated 24th March 2000 amongst the Fund, the Investment Adviser and the Custodian pursuant to which the Custodian was appointed custodian of the assets of the Fund.
3. Administration Agreement dated July 2012 amongst the Fund, the Investment Adviser and the Administrator pursuant to which the Administrator was appointed administrator, registrar and transfer agent of the Fund.

SHARES

Classes of Shares

It is intended that each sub-class of shares will be invested in a portfolio of high quality money market instruments. Such instruments will be those of issuers whose credit is first-class or guaranteed by first-class guarantors or who, in the opinion of the Investment Adviser, meet the high quality of credit and safety as called for by the Fund as set out in more detail above. Examples of such instruments will include treasury bills, short-term obligations of government agencies, Euro-notes, Euro-commercial paper, certificates of deposit, bankers acceptances and sovereign bonds or notes with maturities of one year or less and floating rate notes with a maximum maturity of two years. Additionally, in order to maintain adequate liquidity, the Fund will maintain a portion of its assets in bank deposits.

Through the issuance of different currency classes of shares, which the Directors of the Fund are empowered to create, the Fund will make it possible for investors to participate in a portfolio which is invested in money market instruments denominated in the currency of that particular class of share. Subject to the due authorisation by the members, where required, Shares in the Fund can be issued up to any amount and divided into classes with different rights, privileges and conditions, including voting rights. It is intended that each class of shares will carry the same rights, privileges, and conditions, including voting rights.

In addition to the division into different classes of shares by reference to currency, the shares have been subdivided into Sub-Class A, Sub-Class B and Sub-Class D shares. For the purposes of discussion which follows, it should be noted that each of the Sub-Class A, Sub-Class B and Sub-Class D shares in each currency is treated as a separate class, for the purposes of the Bye-Laws, including for the purpose of the calculation of net asset value for the class and for the determination of the issue price of shares of the class.

Each sub-class of shares will normally correspond to a particular currency so that investor's application money will usually be invested by the Fund in money market instruments in such currency only, provided that if investments are made in assets of a different currency, forward currency sales will be made matching the maturity of such investments, with a view to minimizing currency risk and adhering to the principle that the currency risk outside denomination of each sub-class of shares should be kept to the absolute practical minimum.

The net proceeds from the sale of each sub-class of shares will be segregated into separate sub-class accounts and all trading results of each sub-class account will accrue to such account, and all expenses and liabilities relating to a particular account and any redemption of the shares related thereto will, so far as possible and subject to the Bye-Laws, be charged to and paid from the sub-class account in question, with the intent that to the extent possible, the trading results of any one sub-class account will have no effect on the value of any other account, and that the holders of any sub-class of shares would not have interest in any assets of the Fund other than the account attributable to the sub-class of shares held by them although the assets of each sub-class account may be subject to the general creditors of the Fund.

Members are entitled to convert their Shares between classes, save and except into or from Organisational Shares.

Issuance of Shares

The Fund will issue shares for cleared funds received up to 12:00 noon Atlantic Standard Time on a Valuation Day for the US\$, CDN\$ Classes. Shares may also be issued for cleared funds received by 4:00 p.m. Atlantic Standard Time on a Valuation Day provided that, prior to 12:00 p.m. noon Atlantic Standard time the customer assured delivery of the funds by way of a signed guarantee. The deadline for submitting applications for GBP and EUR Classes will be 12:00 noon Atlantic Standard Time on the previous day. In the event that the Investment Adviser does not receive cleared funds due to any act of negligence or omission by the prospective investor or his agent, then the investor will be solely responsible for interest charges on the outstanding funds at US prime rate plus 3% or the equivalent for the different currency classes. A transaction fee of US\$50 or the foreign currency equivalent will also be charged.

New member subscriptions will be accepted only in respect of amounts of no less than US\$10,000, CDN\$10,000, GBP£10,000 and EUR€10,000 for the Sub-Class A shares, US\$5,000,000, CDN\$5,000,000, GBP£5,000,000 and EUR€5,000,000 for the Sub-Class B shares and US\$10,000, CDN\$10,000, GBP£10,000 and EUR€10,000 for Sub-Class D shares. The right is reserved to reject any application or to accept any application in part only. If any application is not accepted, the amount paid on applications will be returned, together with any accrued interest (at the Bank's overnight interest rate) and, if any application is accepted for fewer shares than the number applied for, the balance of the amount paid on application will be returned together with any accrued interest (at the Bank's overnight interest rate).

Share Registration

It is not intended to issue physical share certificates. Contract notes will be issued to an applicant or member normally within two weeks after the relevant Dealing Day (as defined in the Glossary). Fractional Shares will be issued.

The Fund is not bound to see to the execution of any trust, whether express, implied or constructive, to which any of its Shares are subject. Shares purchased for those under 18 years of age must be registered in the name of the parent or guardian.

Statements of Account will be forwarded by post to the person in whose name the Shares are registered or, in the case of joint holders, to the registered address of the first-named holder.

Share Price Determination

The price of Shares will be determined by reference to their net asset value, which is the value calculated after the deduction of liabilities attributable to the Sub-Class account in respect of shares, from the total assets attributable to such sub-class account from the total assets. Rounding adjustments to the nearest two decimal places are permitted to give convenient figures for dealing. A Class account for the purposes of the calculation of net asset value will mean the separate sub-classes under each of the different currencies, so that there will be a separate net asset value calculation in respect of Sub-Class A shares, Sub-Class B shares and Sub-Class D shares in each currency. The price of Shares in each sub-class is calculated on each Business Day, (as defined in the Glossary), after the close of business, by reference to the projected value of the net assets of the appropriate pool of funds on the next Business Day.

The assets of the Fund comprise the aggregate of: (i) investments owned or contracted to be acquired; (ii) cash on hand or on deposit including accrued interest; (iii) cash payments outstanding on any Shares; (iv) bills and demand notes and amounts receivable including net amounts receivable in respect of investments contracted to be realised; (v) interest accrued on interest-bearing investments held for the account except that accrued and included in the quoted price of the relevant investment; and (vi) other property and assets of any kind and nature including futures contracts, options and prepaid expenses as valued and defined from time to time by the Directors.

The liabilities of the Fund are deemed to include: (i) bills and accounts payable; (ii) management and administrative expenses payable and/or accrued; (iii) the gross acquisition consideration of investments or other property contracted to be acquired; (iv) reserves authorised or approved by the Directors for duties, charges, taxes or contingencies; (v) the aggregate amount of all borrowings and interest, commitment fees, and other charges arising in connection therewith; and (vi) other liabilities of the Fund of whatsoever nature including outstanding payments on any Shares previously redeemed (contingent liabilities (if any) being valued in such manner as the Directors may determine from time to time or in any particular case).

The value of the net assets of the Fund will be determined in accordance with the Bye-Laws of the Fund, which provide, amongst other things, that:

- (i) the value of any cash on hand or on deposit, bills and demand notes and accounts receivable, prepaid expenses, cash dividends and interest declared or accrued and not yet received shall be deemed to be the full amount thereof unless the Directors shall have determined that the same is not worth the full amount thereof in which event the value thereof shall be such as the Directors deem to be the reasonable value thereof;
- (ii) any asset quoted, listed, traded or dealt in on an exchange or market is to be valued by reference to the last traded price on or prior to the relevant Valuation Day on the major exchange or market in which the said assets are so dealt;
- (iii) any non-negotiable asset may be valued by accruing to the acquisition cost, on a daily basis any interest earned and the amortised capital value of such asset, increased over the acquisition price to reflect the reducing period to maturity;
- (iv) in respect of any asset referred to in (ii) above, the Directors may instead adopt prices ruling on another exchange or market in respect thereof if they consider that such prices provide in their opinion a fairer criterion of value; and
- (v) the Directors at their absolute discretion may permit some other method of valuation to that described in (ii), (iii) and (iv) above if they consider that such valuation better reflects the fair value of any investment or investments.

It is the intention of the Directors that, where an asset is not quoted, listed, traded or dealt in on an exchange or market and a bona fide arm's length sale or other transaction occurs with respect to assets of the same sub-class, the Directors may have regard to the price at which such transaction is effected and may utilise such price for the purpose of the calculations.

It is also the intention of the Directors that so long as it is the general policy of the Fund to hold all negotiable assets to maturity such assets may be valued on an amortised cost basis by accruing to the acquisition cost, on a daily basis, any interest earned and the amortised capital value of such asset, increased or following a sale, the sale proceeds, over the acquisition price to reflect the reducing period to maturity.

Following the valuation of the Fund's net assets, the net asset value of a Share is found by dividing the value of the said total net assets by the number of shares in issue.

The Bye-Laws of the Fund provide that any statement as to the net asset value per Share made by or on behalf of the Directors is binding on all parties.

The net asset value per Share so determined will be published from time to time but at least once a month in a newspaper in Bermuda. It may also be obtained from the Registrar and the Custodian.

The Bye-Laws provide that the Directors may at any time and from time to time suspend the determination of the net asset value (and consequently the issue and redemption of Shares and the payment of redemption monies to persons who have applied to redeem Shares) for the whole or any part of a period (a) during which any principal exchange or market on which any significant portion of the assets of the Fund is listed, quoted, traded or dealt in is closed (other than customary weekend and holiday closing) or trading on any such principal exchange or market is restricted, or (b) when in the opinion of the Directors it is not reasonably practicable for the Fund to dispose of any significant portion of the assets owned by it or when any such disposal would be materially prejudicial to members, or (c) when a breakdown occurs in any of the means normally employed in ascertaining the value of assets or when for any other reason the value of any of the assets of the Fund cannot reasonably or fairly be ascertained, or (d) during which the Fund is unable to repatriate funds for the purpose of making payments on the redemption of Shares or during which any transfer of funds involved in the realisation or acquisition of assets or payments due on redemption of Shares of the relevant sub-class cannot in the opinion of the Directors be effected at normal rates of exchange, or (e) during which they consider it to be in the best interests of the Fund or the members to suspend such determination. No Shares of the relevant sub-class may be issued or redeemed during such a period of suspension. The Directors will cause notice of their declaration of such a suspension to be published in such newspapers in Bermuda as they may determine.

BUYING, SELLING AND EXCHANGING SHARES

Anti-Money Laundering

Shares may be applied for, redeemed or transferred by means of the procedures outlined below. All applications, redemptions and transfers of Shares are subject to the rules of the Proceeds of Crime Act 1997 (as amended). In particular, this requires that any such applicant must produce satisfactory evidence of his identity as soon as practicable after first making contact with the Administrator.

As part of the Administrator's responsibility for protection against money laundering, the Administrator may require a detailed verification of a person or entity applying for Shares. Depending on the circumstances of each application, a detailed verification may not be required where:

- (a) the applicant makes the payment from an account held in the applicant's name at a recognised financial institution; or
- (b) the application is made through a recognised intermediary.

These exceptions will only apply if the financial institution or intermediary referred to above is within a country recognised as having sufficient anti-money laundering regulations. In the case of (a) above, the applicant should ensure that its remitting bank includes the applicant's full name and account number in any confirmation sent to avoid any delays. In the case of (b) above, the recognised intermediary should provide a written assurance to the effect that evidence of the identity of the applicant has been obtained and recorded under procedures maintained by it.

By way of example an individual may be required to produce a copy of a passport or identification card duly certified by a notary public, together with evidence of his/her address such as a utility bill or bank statement and date of birth. In the case of corporate applicants, this may require production of a certified copy of the certificate of incorporation (and any change of name), memorandum and articles of association (or the equivalent), the names, occupations, dates of birth and residential and business addresses of all directors. The Administrator reserves the right to request such information as is necessary to verify the identity of an applicant. In the event of delay or failure by the applicant to produce any information required for verification purposes, the Administrator may refuse to accept the application and the subscription monies relating thereto.

If any person who is resident in Bermuda, including the Fund, its Directors, the Administrator and its servants or agents knows or has a suspicion that a payment to the Fund (by way of subscription or otherwise) contains the proceeds of criminal conduct, such person is required to report such suspicion pursuant to the Proceeds of Crime Act 1997 (as amended), the Proceeds of Crime Act – Money Laundering Regulations

1998 and the Anti-Terrorism (Financial and other Measures) Act 2004 in force in Bermuda at the time of this Prospectus and such shall not be treated as a breach of any restriction upon disclosure of information imposed by law or otherwise.

It is further acknowledged that the Administrator, in the performance of its delegated duties, shall be held harmless by the subscriber against any loss arising as a result of a failure to process the subscription if such information as has been requested by the Administrator has not been provided by the applicant.

Applications

Shares may be applied for by submitting a completed application form, together with the related payment, to the Administrator. Any cheques should be made payable to the Fund to facilitate identification of monies. Wire payments for the Fund should specifically mention the Fund and which of the four currencies. The applicant should submit one transaction per page. Subsequent applications should be accompanied by written instructions giving the name of the Fund, the relevant Fund account number and the exact name(s) of the account.

The Administrator will accept facsimile instruction from members who elect this option. A member may select this option by so indicating in writing. The Administrator shall not be liable for any loss incurred by the member by reason of the Administrator acting on facsimile instructions whether or not it may be shown that the instructions were not originally signed or sent by the authorised signatories of the Shares. Authorisation will remain in force until notice in writing of its termination is received by the Administrator.

Redemptions

A form of request to redeem Shares will be supplied and signed by the investor. Redeeming members must sign the request in the exact name or names in which the Shares are registered and should indicate any special capacity in which they are signing (such as trustee or custodian or on behalf of a partnership, corporation or other entity). The completed form of request must be sent to the Administrator. If sent by mail, the Fund recommends using registered mail.

The Bye-Laws provide that US\$ and CDN\$ shares will be redeemed on the same Valuation Day if the redemption request is received by 12:00 noon, or on the next Valuation Day if the redemption request is received after 12:00 noon. GBP and EUR shares will be redeemed on the next Valuation Day if the redemption request is received by 12:00 noon or on the second Valuation Day hence if the redemption request is received after 12:00 noon. All times shall be Atlantic Standard Time. Reception of the redemption request must be in proper form. The present intention of the Directors is that, so far as practicable, there shall be one Valuation Day on each Business Day. The provisions in the Bye-Laws which allow greater intervals between Valuation Days and which permit the suspension of redemptions in defined circumstances (see page 16) are designed to give necessary flexibility. An amount equal to the net asset value per Share on redemption, (subject to the power of the Directors to deduct there from an amount sufficient in their opinion to meet sale and fiscal charges incurred in realising assets to provide funds to meet the request) will be transferred by the Fund to a member redeeming Shares within twenty-four of such redemption. The Directors may pay the redemption price in whole or in part or in specie. If payment is made by distribution in specie, such distributions will not materially prejudice the interest of the remaining Shareholders. Subject to the foregoing, the amount due to the redeeming member will be paid in the currency in which the shares are denominated.

Redemption of part of a holding of Shares is permitted provided that it will not result in the member remaining registered as a holder of Sub-Class A Shares of the net asset value of less than US\$10,000, CDN\$10,000, GBP£10,000 and EUR€10,000 respectively, or by Sub-Class B Shares with a net asset value of less than US\$5,000,000, CDN\$5,000,000, GBP£5,000,000 and EUR€5,000,000 respectively (subject to the discretion of the Directors to agree to a lower minimum in certain situations) or Sub-Class D Shares of the net asset value of less than US\$10,000, CDN\$10,000, GBP£10,000 and EUR€10,000 respectively.

The Administrator, acting either as principal or as agent, may elect to purchase Shares presented for redemption at a price not less than the relevant redemption price.

The Administrator will accept facsimile instruction from members who elect this option. A member may select this option by so indicating in writing. The Administrator shall not be liable for any loss incurred by the member by reason of the Administrator acting on facsimile instructions whether or not it may be shown that the instructions were not originally signed or sent by the authorised signatories of the Shares. Authorisation will remain in force until notice in writing of its termination is received by the Administrator.

There will be a minimum Redemption of the lesser of 500.00 or the balance remaining in the investor's account.

Transfer of Shares

Shares are transferable by instrument in writing signed by (or in the case of a transfer by a body corporate, signed on behalf of or sealed by) the transferor and recorded in the register of members of the Fund. Unless the Directors otherwise agree, no transfer may be made which result in either the transferor or the transferee remaining or being registered as the holder of Sub-Class A Shares in a class with a net asset value of less than US\$10,000, CDN\$10,000, GBP£10,000 and EUR€10,000 respectively, or by Sub-Class B shares with a net asset value of less than US\$5,000,000, CDN\$5,000,000, GBP£5,000,000 and EUR€5,000,000 respectively or Sub-Class D shares of the net asset value of less than

US\$10,000, CDN\$10,000, GBP£10,000 and EUR€10,000 respectively. The Directors may decline to register any transfer of shares over which the Fund has a lien. In the case of the death of any one of joint members, the survivor or survivors will be the only person or persons recognised by the Fund as having any title to the interest of the deceased joint member in the Shares registered in the names of such joint members. The form of transfer will be supplied on request. Members wishing to transfer Shares must sign the transfer in the exact name or names in which the Shares are registered, and indicate any special capacity in which they are signing and all other required details. The completed form of transfer, duly stamped if applicable, must be sent to the Administrator.

The Fund will not be liable for any stamp duty in connection with any transfer, sale, assignment, disposal of or other transaction in the Shares which is the responsibility of the parties to such transaction.

Conversion of Shares

It is the Directors' intention to permit members, if they wish, to convert their holdings from one currency class of Sub-Class A Shares to another currency class of Sub-Class A Shares at the relevant net asset value, provided that it will not result in a member becoming or remaining as a holder of Sub-Class A Shares in a class with a net asset value of less than US\$10,000, CDN\$10,000, GBP£10,000 or EUR€10,000. Conversions from holdings from one currency class of Sub-Class B Shares to another currency class of Sub-Class B Shares, at the relevant net asset value, will be permitted provided that it will not result in a member becoming or remaining as a holder of Sub-Class B Shares in a class with a net asset value of less than US\$5,000,000, CDN\$5,000,000, GBP£5,000,000 or EUR€5,000,000 respectively, except if the Directors specifically agree otherwise. Conversions from holdings from one currency class of Sub-Class D Shares to another currency class of Sub-Class D Shares, at the net asset value, will be permitted provided that it will not result in a member becoming or remaining as a holder of Sub-Class D Shares in a class with a net asset value of less than US\$10,000, CDN\$10,000, GBP£10,000 and EUR€10,000 respectively, except if the Directors specifically agree otherwise. The Shares may be converted between Sub-Class A, Sub-Class B and Sub-Class D also, at the relevant net asset value, but only if the requisite minimum subscription or holding amounts will be observed in the classes to and from which conversion is made.

If such notice is received by the Fund prior to 12:00 p.m., Atlantic Standard Time, on a Business Day, such conversion will take place on the Valuation Day, except in the case of GBP and EUR conversions, in which case the conversion will take place on the day following receipt of instructions received prior to 12:00 p.m. If such notice is received after 12:00 p.m., Atlantic Standard Time, the conversion will take place on the second Valuation Day hence. Once such notice is given, the member will not be entitled to withdraw the notice in any circumstances.

Conversion will be effected on the following basis:

$$\frac{A = B \times C \times D}{E}$$

where:

- A is the number of shares of the next Currency Class to be issued;
- B is the number of the original Currency Class to be converted;
- C is the redemption price per Share of the original Currency Class at the time of the conversion;
- D is the effective rate of foreign exchange applicable to the currency conversion; and
- E is the subscription price per Share of the new Sub-Class.

Shares cannot be converted during any period when the determination of the net asset value of a currency class has been suspended pursuant to the Bye-Laws (see page 15 - Share Price Determination).

Compulsory Redemption

The Bye-Laws of the Fund empower the Directors to compulsorily redeem all or any Shares at any time at the net asset value per Share, if amongst other things, as a result of any transfer or conversion or redemption, an investor's holding of shares, if Sub-class A Shares in any one currency class should fall below a net asset value of USD\$10,000, CDN\$10,000, GBP£10,000 or EUR€10,000 respectively, or if Sub-class B Shares in any one currency class should fall below a net asset value of US\$5,000,000, CDN\$5,000,000, GBP£5,000,000 or EUR€5,000,000 respectively or if Sub-class D Shares in any one currency class should fall below a net asset value of US\$10,000., CDN\$10,000, GBP£10,000 or EUR€10,000 respectively or to do so in the Directors' sole opinion, would eliminate or reduce the exposure of the Fund or its members to adverse tax consequences under the laws of any country or if the acquisition or holding of Shares might be expected to prejudice, or risk prejudicing, in any way either the Fund or the members.

The Directors are required by the Fund's Bye-Laws to give 30 days written notice to members before exercising their powers of compulsory redemption in either of the above cases.

Application Procedures

Initial applications must be made on the Initial Application Form enclosed with this document, subsequent applications for Shares may be made either (i) on the application form enclosed with this document or (ii) by written application (a) stating the number of Shares applied for, (b) undertaking to pay the amount due if the application is accepted, (c) stating the name and address in which the Shares are to be registered and the address to which the contract note is to be dispatched, and (d) confirming that the applicant has received and considered this Prospectus and the latest audited financial statements and that application is made on the terms of this Prospectus and subject to the Bye-Laws of the Fund.

The initial minimum subscription for Sub-Class A shares is US\$10,000, CDN\$10,000, GBP£10,000 or EUR€10,000 respectively, initial minimum subscription for Sub-Class B shares is US\$5,000,000, CDN\$5,000,000, GBP£5,000,000 or EUR€5,000,000 respectively, and the initial minimum subscription for Sub-Class D shares is US\$10,000, CDN\$10,000, GBP£10,000 or EUR€10,000 respectively. ADDITIONAL INFORMATION

General

Save as disclosed in this document, no Director is materially interested in any contract or arrangement subsisting at the date hereof, which is significant in relation to the business of the Fund. None of the Shares of the Fund are under option. As at the date of this Prospectus, no Director is materially interested in any contract or arrangement with the Fund.

The Fund is not engaged in any litigation and does not have any claim of material importance pending or threatened by or against it.

No commission has been or will be paid by the Fund for subscribing or agreeing to subscribe, or procuring or agreeing to procure subscriptions for any Shares in the Fund, other than any sums paid to the Investment Adviser as described under the headings, "Investment Adviser", and "Fees and Expenses" above.

Save as disclosed in this Prospectus, no amount or benefit has been paid or given, or is intended to be paid or given by the Fund to any promoter or Director, or any firm of which a Director is a partner. So far as is known to the Directors of the Fund, no person is, directly or indirectly, interested in five percent (5%) or more of the nominal value of the Shares at the last Annual General Meeting.

In accordance with standard practice in the securities industry, telephone calls may be recorded.

Any complaint may be filed with Butterfield Asset Management at the address provided in the prospectus above. Additionally complaints may be telephoned into 441-299-3817 or facsimile 441-292-9947. All complaints will be acknowledged within 24 hours.

Bye-Laws

The Bye-Laws of the Fund contain provisions governing, amongst other things, the following matters (please note that in this section, the words "member" or "members" are used in place of the words "shareholder" or "shareholders")

- (a) The quorum at general meetings and the voting rights of members. At any general meeting not less than two members representing not less than ten percent of the Shares, represented in person or by proxy, constitute a quorum for the transaction of business. Subject to Shares having special voting rights, at any general meeting each member shall, on a show of hands, have one vote and, on a poll, one vote for each Share held. A proxy need not himself be a member. The holders of the Organisational Shares have voting rights only when no other Shares are in issue.
- (b) The requisition of Special General Meetings by the members. Members of the Fund holding at the date of deposit of their requisition not less than one-tenth of the paid-up voting capital of the Fund shall be entitled to requisition a meeting of the members and the Directors shall be obliged forthwith duly to convene a Special General Meeting of the Fund.
- (c) The location of general meetings. It is not the Director's intention to hold general meetings outside Bermuda unless exceptional circumstances justify it, but the Bye-Laws permits the Directors to authorise this.
- (d) The remuneration of Directors. This will be determined by the members in a general meeting. However, it is intended that any Director who is an employee of the Bank or of any of its subsidiaries or affiliates shall not be entitled to any remuneration in his capacity as a Director.
- (e) The ability of Directors to hold any office or place of profit with the Fund (other than as auditor), to act in a professional capacity to the Fund and otherwise to contract with the Fund. In general, a Director shall not vote or be counted in the quorum on any resolution of the Directors concerning his own appointment as the holder of any office or place of profit with the Fund or any other company in which the Fund is interested (including the arrangement or variation of the terms or the termination thereof). No Director or proposed or intending Director shall be disqualified by his office from contracting with the Fund, either with regard to his tenure of any office or place of profit or as vendor, purchaser or any other manner, nor shall such a contract or any other contract or arrangement in which the Director is in any way interested be liable to be avoided nor shall any Director so contracting or being so interested be liable to account to the Fund or the members for any remuneration, profit or other benefits realised by any such contract or arrangement by reason of such Director holding that office provided that the Director who, to his knowledge, is in any way interested in a contract or arrangement with the Fund shall declare the nature of his interest at the meeting of the Directors at which the question of entering into the contract or arrangement is first taken into consideration, if he knows his interest then exists, or in any case at the first meeting of the Directors after he knows that he is or has become so interested.
- (f) The alteration or making of Bye-Laws. This requires the approval of the Directors and confirmation by the members in general meeting, as evidenced by the affirmative vote of a majority of members who, entitled to do so, vote in person or by proxy and together represent not less than seventy-five percent of the Shares represented at the meeting.
- (g) Each Director, Secretary or other officer of the Fund shall be indemnified by the Fund, and it shall be the duty of the Directors out of the funds of the Fund to pay all costs, losses and expenses which any such Director or officer may incur or become liable for by reason of any contract entered into, or act or thing done by him as such Director or officer, or in any way in the discharge of his duties, and the amount for which such indemnity is provided shall immediately attach as a lien on the property of the Fund, and have priority as between the Members over all other claims except as respects any such Director or officer where any such cost, loss or expense shall happen through his own fraud or dishonesty.

No Director, Secretary or other officer of the Fund shall be liable for the acts, receipts, neglects or defaults of any other Director or officer, or for joining in any receipt or other act for conformity, or for any loss or expense happening to the Fund through the insufficiency or deficiency of title to any property acquired by order of the Directors for or on behalf of the Fund, or for the insufficiency or deficiency of any security in or upon which any of the moneys of the Fund shall be invested, or for any loss or damage arising from the bankruptcy, insolvency, or tortious act of any person with whom any moneys, securities or effects shall be deposited, or for any loss occasioned by an error of judgment, omission, default, or oversight on his part, or for any other loss, damage, or misfortune whatever which shall happen in relation to the execution of the duties of his office or in relation thereto, unless the same happen through his own fraud or dishonesty.

- (h) The power of the Directors to impose restrictions so as to ensure that no Shares are acquired or held by (i) any person in breach of the law or requirements of any jurisdiction or (ii) any person in circumstances which, in the Directors' opinion, might reasonably be

expected to prejudice or risk prejudicing in any way either the Fund or the members. There are consequential provisions for compulsory redemption or transfer of Shares in these circumstances.

There is no provision in the Bye-Laws requiring a Director to retire by reason of any age limit and there is no share qualification for Directors. To be passed, resolutions of the Fund in general meeting, where required under the Bye-Laws, require (save in the case of (f) above) a simple majority of the votes cast by members who, entitled to do so, vote in person or by proxy at the meeting at which the resolution is proposed.

Inspection of Documents

Copies of the following documents are available for inspection free of charge by appointment at any time during normal business hours on any day (excluding Saturdays, Sundays and public holidays) at the registered office of the Fund and at the office of Butterfield Trust (Bermuda) Limited, Hamilton, Bermuda.

- (i) the Memorandum of Association and Bye-Laws of the Fund;
- (ii) this Prospectus;
- (iii) the Material Contracts listed above;
- (iv) the written consent of Deloitte & Touche referred to herein and any reports, letters or other documents, balance sheets, valuations and statements by an expert;
- (v) the audited accounts of the Fund for each of the three (3) financial years immediately preceding the issue of the prospectus; and
- (vi) the Companies Act 1981 as amended.

Annual General Meeting

The Annual General Meeting of members of the Fund will be held in Bermuda or such other location as the Directors may from time to time determine for the purpose, amongst others, of considering the audited financial statements of the Fund. Notices convening the Annual General Meeting together with the annual report and accounts of the Fund will be sent to members at their registered addresses not later than 21 days before the date fixed for the meeting. Other general meetings may be convened from time to time by the Directors by sending notices to members.

Reports and Accounts

The Fund's year-end is the last Business Day in June in each year. Accounts will be produced to 30th June but will be prepared on the basis of valuations as at the last Business Day in June. Audited accounts will be sent to members within six months of the conclusion of each financial year. The Fund will also make available interim reports to members within two months of the last Valuation Day in the relevant period.

Deloitte & Touche, Chartered Accountants, have given and have not withdrawn their written consent to the inclusion herein of their name and reference to them in the form and context in which they appear. The latest financial statements, audited by Deloitte & Touche, Chartered Accountants, which are published under separate cover, are an integral part of this prospectus. No events have occurred subsequent to the date of the audited financial statements but before the date of this prospectus which provide material additional information relating to conditions that existed at the date of the financial statements which cause significant changes to assets or liabilities or which will or may have a significant effect on the future operations of the Fund.

Report on the Financial Statements

We have audited the accompanying financial statements of the Butterfield Money Market Fund Limited (the "Fund"), which comprise the Statement of Net Assets, including the Statement of Portfolio Investments, as at June 30, 2011, and the Statements of Operations and Changes in Net Assets for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in Canada and Bermuda, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with generally accepted auditing standards in Canada and Bermuda. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Fund as at June 30, 2011, and its financial performance for the year then ended in accordance with accounting principles generally accepted in Canada and Bermuda.
